

SADHAV

Dream It. Do It.

Sadhav Shipping Ltd.

Your Trusted Partner For Maritime Services

Sadhav Shipping Ltd.

Sadhav Shipping is a premier Marine service provider in India operating since 1996. With a diverse experience in Offshore Logistics, Coastal Logistics, Port Services & Oil Spill Response. Presently working pan-India from Kandla (Gujrat) to Pandu(Assam), we are the preferred marine service provider to Ports, Oil & Gas companies and allied marine agencies.

Offshore Logistics

Sadhav is owning and operating highly sophisticated DP vessels to serve clients in the Offshore Oil & Gas sector. With a rich experience in ship owning and operating, Sadhav is one of the preferred partners for clients like ONGC to serve their requirements with an impeccable safety record.

Port Services

Sadhav owns and operates multiple high speed crafts for patrolling and piloting purposes. All the crafts meet the ISPS Guidelines laid down by DG Shipping and are user friendly for CISF duties. We also provide trained manpower in various Ports and Marine Facilities to append the Ports' resources.

Oil Spill Response

Sadhav is the premier provider of Port based Oil Spill Response services and has set up India's first Tier 1 Oil Spill Response Facility for Mumbai / JNPT Port. With the experience to developing the facility and India's first indigenously built Oil Spill Response Vessel, we are now operating more than 8100m of booms across five major Indian Ports.

Coastal Logistics

Sadhav is credited with starting the coal lighterage at Mumbai Port, with experience in handling lighterage cargo for Revdanda, Dharamtar and Sanegoan, Sadhav has also been credited to be the first company to undertake transportation of POLs through the Brahmaputra.
